

Welcome to our school! If this is your first year with us or not, we want to be sure that your child is ready for this adventure. Transitions into school, a new classroom or with a new teacher can be stressful. Please know that we will work together with you to help prepare your child for this upcoming change. Start by completing the Family Information Form. This form will let teachers know quite a bit of information about your child including previous experience in school, bathroom considerations and how your child handle stress. This will help your child's teacher begin a Transition Plan for your child. The Transition Plan will need your input as well. It is so important to work as a team to set your child up for success in school!

In addition to the Transition Plan, we have a few things set up to help your child become comfortable with school. Please plan on bringing your child to his/her scheduled Orientation Day. You will receive detailed information about this Orientation Day in your summer mailing. We also have an Orientation Day for parents/families that coincides with supply drop off and meet the teacher night. Please bring your child to this evening if you can do so. Refer to the calendar for both event dates. Your child will also be receiving a welcome letter or postcard from his/her teacher right before school starts! Watch your mailbox! As we get closer to the school start date please check the school newsletters which will give you many ideas to implement to help your child feel confident and secure in starting school.

Your child's teacher will be reaching out to you soon to speak with your regarding your child's specific needs! If you have changes to your phone number or email, please contact the office at (419) 478-9900.
