

## Footsteps Newsletter Volume 10 Issue 3

Let me first apologize that the Procure newsletter template is only allowing me to utilize the "heading font" and not any other. We will be transitioning away from Procure to Lillio over the next week to month. We will begin next week with office and teacher communication and setting up everyone into Lillio. It is a user friendly system and it will be the primary communication method for our school. Stay tuned for more details.

---

**Attendance-** We use KinderSmart Ohio NOT Procure for attendance. Directions below.

All students must be signed in and out each day. This is a requirement. You may do so in three different ways.  
1. Sign in and out on the tablets around the building (if use this method and pick up in the car line, you may sign out in the morning with the correct time from the previous day and then sign in for the current day.

2. You may download the KinderSmart Ohio app on your mobile device and let the office know that is the method you wish to use. Once we learn you want to utilize this method, the office will send you an instruction sheet to link your phone number to our program. AFTER that, you may use the QR codes around the building or located on the back of your child's license plate

3. The third method is a combination of the two methods above.
